DETAILED ACTION

Specification

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

The following title is suggested: Packaging for semiconductor laser device and method for producing the same.

Claim Objections

Claims 1 and 5 are objected to because of the following informalities: On page 19 line 13 and on page 20 line 14 the word "or" positioned between the words "said" and "each" should be removed. Appropriate correction is required.

Allowable Subject Matter

Claims 1-6 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record fails to provide or suggest a semiconductor laser package that utilizes flat cut-off portions of the flange positioned between the notches on the stem that maximize the reference plane of the laser package.

The semiconductor laser package consisting of a cap with a flange that has cut-off portion positioned between the notches in the stem in combination with the rest of the limitations in claim 1 is novel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. U.S. Pat 5,052,009 by Tsuboi and U.S. Pub 2004/0240499 by Tsuji and U.S. Pub 2005/0089070 by Honda disclose a package for a semiconductor laser device consisting of a stem with notches, and a laser diode and a cap with a flange, however the flange is circular in shape and does not contain cut-off portions.

This application is in condition for allowance except for the following formal matters: The title and claims objected to by the examiner have to be corrected as specified above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213. A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
